

Capability Statement

Geospatial Services

Innovative, Data-Driven Solutions for Mission Success

Overview

Eastern Shawnee-geocgi JV, LLC (ESg), is a strategic partnership between Eastern Shawnee Professional Services (ESPS), an SBA 8(a) certified Tribally-owned firm, and Geospatial Consulting Group International (**geocgi**), a Woman-Owned Small Business (WOSB) and leading provider of geospatial and IT solutions for defense and federal clients. Together, we deliver end-to-end geospatial solutions with agility, precision, and mission impact.

As a joint venture, we bring together decades of experience delivering enterprise GIS platforms, remote sensing, precision mapping, and mobile and web-based GIS applications. Our integrated and highly skilled team supports federal, tribal, commercial, and international clients with scalable, innovative, and mission-critical geospatial solutions tailored to their evolving operational goals and complex, data-driven mission-specific needs.

Core Capabilities

Geospatial Services	Technology & Innovation	Strategic Support
GIS analysis & data visualization	ArcGIS Enterprise & Online platforms	Geospatial program management
Remote sensing & LiDAR	Cloud-native GIS architecture (AWS, Azure)	Policy & standards development
Spatial data infrastructure (SDI)	Web & mobile app development (JavaScript, Python, R)	Business & mission impact analysis
sUAS data collection & GPS survey	DevSecOps & cybersecurity compliance (CMMC, RMF)	Enterprise architecture & integration
Raster, vector, and CAD integration	AI & machine learning-enabled analytics	License strategy & IT portfolio management

Teaming Advantages

Eastern Shawnee Professional Services	geocgi
SBA 8(a)-Certified, Tribally-Owned Business	Woman-Owned Small Business (WOSB)
8(a) Sole-Source Authority: Up to \$100M (DoD)	Top Secret Facility Clearance
Unparalleled Flexibility in Federal Contracting	ISO 9001 Certified
Proven Past Performance with Advanced GIS	19+ Years of DoD and Federal GIS Leadership
Esri WebGIS and SaaS Deployment Expertise	Esri Gold Partner and Esri Authorized GSA Reseller

Who We Serve

Department of Defense (DoD)
Department of Homeland Security (DHS)
Washington Metropolitan Area Transit Authority (WMATA)
US Department of State
USDA, USPS, USGS, and NREL
NATO, International Defense Alliances

Contracting Readiness

- **UEI:** HSVTLMT7F6A7
- **CAGE:** 11XN9
- 8(a) Certified Tribal Enterprise
- ISBEE Recognized
- Top Secret FCL (**geocgi**)
- GSA MAS (**geocgi Prime**)
- Seaport NxG (**geocgi Prime**)
- OASIS+ (**geocgi Prime**)

NAICS Codes

- **541370** - Surveying and Mapping (Except Geophysical)
- **541360** - Geophysical Surveying and Mapping
- **541511** - Custom Computer Programming
- **541512** - Computer Systems Design
- **541513** - Computer Facilities Management
- **541519** - Other Computer Related Services
- **541620** - Environmental Consulting
- **541611** - Management Consulting

Highlighted Projects

- **GEOFidelis (USMC)**
Enterprise GIS strategy, spatial data standards, operations support
- **USAID/USPS/USDA**
Enterprise GIS implementation/investigative geospatial analytics
- **Arlington National Cemetery**
GovCloud IL-4, public website admin, and content management
- **US Army ePRISMS**
Common Installation Picture (CIP) geospatial data collection
- **Environmental & Infrastructure Projects**
Precision mapping, remote sensing, and geospatial consulting

Let's Build What's Next

Together, ESPS and **geocgi** bring cutting-edge innovation, streamlined contracting, and trusted delivery to help agencies transform data into actionable insight.
